A HOLIDAY IS THURSDAY

Litigation in Superior Court Is Almost Suspended.

No Session of Either Department of the Tribunal Was Held Yesterday.

Thursday has been declared another legal holiday. Litigation in the superior court has been almost suspended. Yesterday for the first time in months neither department of the upper court was in session. The two cases that were on trial by stipulation have been taken under advisement for decision. Judge Austin has under consideration on a motion for non-suit the case of J. P. Plummer vs. the New England and California Oil Company. Judge Church has submitted to him on briefs to be filed in twenty-five days, the case of Jacob P. Hlback as assignee to recover commissions from C. H. Baker and wife on the sale of a tract of land.

Miss Hattie Answered.
Sarah E. Downing has answered the complaint of her niece, Harriet E. Clapp, seeking to recover \$1020 for alleged services in the capacity of nurse, house-servant or companion at special request between April 17, 1906, and September 17, 1907, or at any other time or at all, and to recover further \$110 paid out as her railroad fare in April, 1906, to Fresno from Orangeville, New Jersey.

It is answered in defense that before the last named date Miss Clapp wrote to Mrs. Downing and her husband, she deceased, asking for permission to make her home with them here, but that the husband said nay to the proposition. After his death the young lady wrote again and the aunt gave permission, but says that in no manner did she agree to pay her expenses in coming out or while here, to require of her any services as a companion, house-servant or nurse. Indeed, says Mrs. Downing, she "came voluntarily of her own free will" and without any promise of whatever nature.

When Miss Clapp did arrive she made her home with her aunt and so continued until the 15th of September. She was never required to do any service and none ever was rendered, but on the contrary she was given room and board and \$10 a month for spending money, while she had a home without charge. Furthermore, Miss Clapp is a trained nurse capable of earning good wages as a nurse and during her stay at her aunt's occupied much of her time going out nursing and probably earned large sums of money for her services as a nurse.

According to the complaint in unlawful detainer at A. D. Owen against J. A. Jack, the plaintiff was the owner of the southeast quarter and the southeast quarter of section 33-15-19 and in the first of August, 1906, leased the premises for one year to the defendant at \$10 per acre for the term enclosed nine acres and for the portion not enclosed one-half of each alfalfa cutting, and quarter of all grain crops sown and harvested and under these conditions.

Premises in Dispute.
According to the complaint in unlawful detainer at A. D. Owen against J. A. Jack, the plaintiff was the owner of the southeast quarter and the southeast quarter of section 33-15-19 and in the first of August, 1906, leased the premises for one year to the defendant at \$10 per acre for the term enclosed nine acres and for the portion not enclosed one-half of each alfalfa cutting, and quarter of all grain crops sown and harvested and under these conditions.

Counter Claim Presented.
The defendant have answered and cross-complained in the suit of W. H. Walsh against the Emerson Brothers to say that he agreed to deliver before July 1st, 1907, lumber and stakes enough to make 10,000 trays, but failing in performance he contracted they obtained trays elsewhere. A portion of the lumber having been delivered after July when not available for the purpose intended damage of \$350 has been sustained for which judgment is sought.

GRAPE INDUSTRY WAS A REVELATION TO HIM
Hon. and Mrs. Francis M. Griffith and daughter, who have been the guests of M. C. Wadsworth, W. E. Ball and W. B. Williams, returned from Los Angeles and New Orleans for their home in Fresno, Indiana. They received while here many attentions from their hosts and friends and took with them in their baggage a very favorable opinion of the Fresno City and its people. The Griffiths have been for two terms a member of Congress from the fourth Indiana district. The grape industry was a revelation to him and he has been held for a century by it.

URUGUAY AND ARGENTINA QUARREL OVER ISLAND IN THE PLATA RIVER
MONTEVIDEO, Nov. 6. The relations between Uruguay and Argentina have been strained since the discovery of the Argentine authorities of a small Uruguayan steam vessel seized at Mar del Plata, a small island in the Plata river. The ownership of the island is in dispute but it has been held for a century by Argentina.

THE MAYOR OF TOKIO
Richard Carle's splendid play and the most popular of musical comedies, "The Mayor of Tokio," opens at the Burton next Sunday for a two-night engagement. "The Mayor of Tokio" has been produced by certain Eastern admirers of the piece as being a comic opera, while the true would have need of considerable subtlety in order to apply to "The Mayor of Tokio," the fact that there is more plot and more continuous flow of pleasing music than usually appears in a musical comedy is undeniable. The question of exact classification, however, is not a vital one. It suffices that the piece is said to be bright, clean in tone and manner, entertaining and excellently presented in its entirety. A show-bill for an evening's pleasure, therefore, John L. Kearney, the actor, who has been a popular comedian, assumes the role of the Mayor of Tokio.

EMBARRASSED BY FLURRY HOLIDAYS

Claims and Bills of Street Department Employees and Tradesmen Are Held Up.

The operation of the financial flurry holidays to hamper the official business of the city and the consequent failure to hold a meeting of the city trustees on Monday night has seriously embarrassed those who are working for the city and who are not receiving fixed pay as officials under the charter. Street department employees and others have not been paid and they do not know when they will be paid. The bills of business men for merchandise and supplies furnished also are being held up.

Contractor McGraw has put in a demand for \$1000 for work on a sewer line, \$700 on the box sewer and \$1232 for laying 1500 feet of twenty-four-inch sewer at 85 cents per foot, a total of \$2932, on which he asks payment of \$2435 as 80 per cent due on the above.

Electrician Brown has filed a claim for \$25 for house hire during the month of October, or fifteen days at \$2 per day. The reason for presenting this demand is that the mayor has cut off all official house hire.

County Tax collector A. B. Smith has filed a demand against the city for \$50 for the service, of an extra duty for the collection of city taxes during the month of October.

E. L. Hughes has asked the trustees to transfer the retail liquor license for the saloon at 1510 Mariposa street to J. A. Brattor and E. H. Hutto.

Former City Veterinarian Reizold is on dock again with a demand for \$150 salary for October and \$125 as \$25 monthly unpaid balances due since May last.

There are six tenders on file with the city clerk for furnishing 30,000 pairs of shoes for the city's use. City Electrician Brown collected \$24.40 as fees during the month of October and turned them into the treasury.

H. C. R. Gill has petitioned the trustees for a halberd sewer in back of Orchard Hill Addition.

ONLY TWO SHOTS FIRED IN THIS MELODRAMA
A Unique Distinction for "The Lieutenant and the Cowboy" - "The Mayor of Tokio."

John L. Kearney, comedian in "The Mayor of Tokio"

A purely Western military drama combining both tragedy and pathos and yet blended with exceptionally clever comedy, "The Lieutenant and the Cowboy," the next attraction at the Burton Saturday, November 9th. The play is in the hands of Messrs. Felton and Sumner's best traveling company, which is headed by Theodore Lorch, the famous known actor, dramatic and character actor and complete scenic inventor.

The engagement is for one night only and prices range from 25 cents to \$1. This is a guaranteed high grade attraction, in every particular and must not be missed. With elegant melodrama and repeated shocks, it is neither more nor less a really first class dramatic offering. There are neither murders, nor killings nor explosions nor any other kind of clap trap in "The Lieutenant and the Cowboy." Only two pistol shots are fired during the progress of the play and neither of them are fired in sight of the audience. As a matter of fact, the great success of the play is due to superb acting and to proper scenic, mechanical and electrical effects. The next scene is now open.

TROUBLE OVER MEDICAL CLAIM

For Fees for Answering Five Emergency Hospital Calls.

City Finance Committee Thinks They're Part of the Health Officer's Duties.

Owing to the difficulty with the exception of Dr. Lorch in securing the services of members of the Board of Health to answer calls by the police for emergency hospital cases, Police Chief Shaw was authorized by the commission to make arrangements with the city surgeon to answer these emergency hospital summons and such an arrangement was made with Dr. H. B. Lankin and he has been responding to these calls. The arrangement was that he should be remunerated at the rate of the customary fee charged for such services by the medical fraternity. Dr. Lankin presented the following note expecting that it would be a K'd for the meeting on Monday night:

Oct. 30 - C. E. Chumie, stitching and dressing scalp wound, \$2.
Nov. 3 - E. C. Smith, amputating and dressing 1 finger of right hand, \$2.
Nov. 3 - E. C. Smith, setting multiple compound fracture of right leg at lower third of thigh, \$10.
Nov. 3 - E. C. Smith, amputating and dressing badly sprained ankle, \$5.
Nov. 4 - E. C. Smith, setting compound fracture of skull and stitching and dressing scalp wound, \$5.

There's trouble now over that bill, not that the services were not rendered, but that the charges are excessive. It is stated that they are reasonable, but that the finance committee composed of Trustees Bush, Collins and Statham do not consider the charge a proper one against the city as they point out that the charges make the duty of the health officer a heavy one and if that ratio is kept up for a month the city would soon be warranted as a matter of economy to have a surgeon in regular attendance at a fixed salary. As one member of the finance committee put it it may be expected that cases of sick or wounded in the city will increase in the emergency or receiving hospital with the general circulation of the knowledge that a surgeon and physician is at call day and night to answer emergency summons.

The finance committee has not allowed the bill claiming that the services for which Dr. Lankin seeks payment under the arrangement made through the police chief with the health officer are part of the health officer's duty. The police chief or health officer citing section 193 of the city charter as follows:

"The City Physician shall attend, when called upon, the indigent sick or wounded in the city, and shall have charge of any receiving hospital or dispensary established for the benefit of the sick poor."

When, therefore, the Lankin bill comes up at the board meeting, Collins and Statham will raise a protest and renew the old controversy over the health officer.

MAD DOG CREATES PANIC IN CHINATOWN
Rabid Animal Killed by Policeman After Thoroughly Terrifying the Oriental Quarter.

A handsome collic dog in the last stages of hydrophobia created a panic in Chinatown yesterday afternoon which lasted until Patrolman Leon killed the animal with his club.

The mad dog appeared on the sidewalk on Taylor street, near the intersection of Broadway street, and snapping at everything that was in his way. The Chinese and Japanese residents of the quarter were quick to recognize the symptoms of rabies and scattered in all directions. No one was bitten as far as is known, and a close watch will be kept for dogs which may have been inoculated with the disease by the collic.

OTTERBECK FAILS TO HAVE CASE DISMISSED
Patience Otterbeck appeared at the district attorney's office yesterday morning and asked Deputy McCormick to have the charges against her dismissed. She had sworn to against Otterbeck and Ernest Cheesman dismissed.

It was intimated that the charges against Otterbeck, the maximum penalty for which is fourteen years imprisonment, the case could only be dropped for lack of evidence.

The sickness of Judge Briggs, before whom the closing couple were to have been arraigned yesterday, put a stop to developments in the case.

GOVERNMENT SEED BUILDING DESTROYED IN WASHINGTON FIRE
WASHINGTON, Nov. 6. - Fire which gutted the five story brick building in C street, southwest, occupied by the seed distribution division of the department of agriculture, caused damage amounting to \$75,000 early today. The loss, which nearly equals a total loss of the building and equipment, and the destruction of seeds, which will delay for several weeks the distribution of flow and vegetable seeds through government channels.

A Military Wedding
TACOMA, GROVE, Nov. 6. - The marriage of Yvonne Collette Gieseler, daughter of Major and Mrs. Albert P. Pickering, of the Twenty-second United States Infantry, and Captain Matthew C. Smith, of the Fourteenth Cavalry, was celebrated at tonight at the residence of Montevideo.

The ceremony was performed by Chaplain Fitzgerald of the Twenty-second Infantry.

A PROMPT TRIAL
Of the Bitters.

When the appetite is poor, nerves unstrung, bowels constipated and sleep restless will save a lot of unnecessary suffering. You'll find it absolutely pure and of great benefit to your entire system.

Fruit and Raisin News

NOVEL IDEA IN GROWING OF CALIFORNIA DATES
Trees Will Be Raised in Pits—Idea Imported By Government from Algeria.

According to a Riverside letter, a novel experiment in date growing is to be made at the Government garden near Indio, says the "Morning Post" (Riverside).
The plan is to sink a shaft twenty-four feet to moisture, and at the bottom plant the date palm. It is believed by Prof. Nelson, who is working out the details of this plan, that the reflection of the desert sun from the sand on the sloping walls of the pit will greatly assist in the growth of the palm and the ripening of the fruit. The experiment will be made among the sand dunes, on land that has been considered almost worthless. These sand dunes are covered with a growth of grass which will keep the sand from drifting into the pits. As no irrigation will be needed, the expense of cultivation will be done away with, and it is believed that this will counterbalance the cost of digging the pits.
This method, although new in America, is said to have been carried on successfully in Algeria, the home of the date.
If the experiment proves successful, it will give a value to thousands of acres of sand hill land on the desert.

"ROYAL CHEF" HAD SPICES STREAKED

Musical Comedy Was Good In Some Places.

Gods of the Gallery Liked "Broilers," But Wanted to Send Other Dishes Back.

The "Royal Chef" which entertained an enthusiastic audience at the Barton last night, is like the "little girl who had a little curl," and "when she was good, she was very, very good, but when she was bad she was horrid." This "jingle" applies admirably to the play of last night. But the general average was rather above the ordinary run of musical comedy, and it may be said with truth that the "Royal Chef" was the best musical show of the season. It contains some good music, pretty, tuneful melodies; quite the best looking "beauty show" thus far, and the "broilers" were great sport without presuming on their rights as "broilers."

The chief figure of the play is William J. McCarthy, who is the "chef" who concocted the best sauce ever for tired spirits and troubled hearts. His humor, was of a slimy, platitudinous sort, and such a pair of nimble feet seldom amble before the footlights. He did not dance much, but the little he did looked like "more."
His song "Let Me Go Back," which is a familiar one, having floated out from the East when the comedy first was introduced, was the hit of the evening and storms of applause brought him back time after time. He has the natural make up and the peculiar genius of a comedian born, which one recognizes instantly and which can never be confounded with an inferior imitation.
The rest of the principals were just flimsy, excepting the rajah, Oscar England. He is a big, impressive looking chap with not a bad voice in singing and a splendid speaking voice. He hasn't much of a chance to make himself known, but one has the feeling that he would improve on acquaintance.
Dorothy Rae was supposed to be an Irish maid of the "petite-funny-Clairde" variety, but lacked all of the mannerisms necessary to the part, and if she hadn't worn a green dress with a harp on it in one act, nobody would ever have known she was Irish. She could dance a bit, but her turn making was not up to the mark.
Gertrude Hutchinson was rather an allusive "Princess Tita." Her motto seemed to be "drive to please." She strove hard enough and succeeded in a measure in pleasing, judging from the applause she got, but the gallery judged her harshly and sometimes these "gods" are not bad critics. It was in the aerobic French song that she made her fatal mistake. If she had not sung that she might have been spared the mockings-inflicted by the unmanly "gods." When she got to the "Belle-Belle-Vue" (top note the "upper crust" near the roof wouldn't stand for it any longer and were very frank about speaking their minds. In a duet she sang with Herbert Carter she appeared to best advantage and received the commendation she deserved.
Herbert Carter did the love making with incident appreciation of his opportunities. He sings fairly well and had several good numbers fall to his lot.
The chorus was really the best part of the play; that and the comedian carried it through to a successful finish. There were some good men's voices in the chorus and the girls all sang with spirit and most musically.
The play is in no way out of the line of musical comedy and has a wit which is identical with the one on the "Isle of Spices," which played here a few weeks ago. The play was not a fine chance to romp.
The carnival at the end put every one in the proper "going away" mood and made the audience overlook at the last point and remember all the good ones, of which there was a satisfying number.

ESTABLISHED 1848

PAYING GROWERS WITH TIME PAPER
Winery Notes Bear Interest at 6 Per Cent.

Packers Give Checks Depend-ent on Cashing of Bills of Lading East.

Various methods have been devised by the dealers in fruits to overcome the impossibility to pay growers for their goods in cash. The heavy deliveries just now are to the wineries more than to the packing houses. The wineries are paying the growers off in notes, for six months, or less, bearing interest at 6 per cent. This leaves the option to pay when they will with the operators, and for the time the growers for the cash. On the other hand, the packers have secured, with the consent of the banks, a system of checking by which a check is issued on the deposit of a bill of lading, which stipulates that the check is payable when returns on the bill of lading are available in cash. These checks are used in some extent in paying the growers. Thus, the ultimate risk of the deal comes back to the original producer, the grower.
Deliveries are rather rapid at the packing houses, with the pie, flat, on second crop muscats, which is the principal fruit now being crushed, holding at \$14 per ton. No fruit off the trees is now being received. It is said, and no very great quantity has at any time been received, for the reason that an immense amount of the second crop was left on the trays after the first good rain. It is stated that the only second crop muscats now being dried are in dryers, and none in the open. It is further said that most of the fruit which was left out after the first rains was on places where drivers were used. The proportion of the crop which is being dried is said by a prominent dealer of this city to be rather smaller than the popular estimate.
At the packing houses, the bulk of the deliveries on contracts is in little new business is being done under the existing conditions, either here or in the East. The packing houses are working rapidly, with one or two exceptions. Among prominent growers, who have held out their raisins, there seems to be little anxiety over the situation. Recent buying has been done at 1-2 cents, and even a little higher.

LATON LACONICS
Modern Woodmen Lodge Increasing Rapidly in Membership—Personal Mention.

LATON, Nov. 4.—The Riverside camp of the M. W. A. went to Hanford Monday evening where there was a class of 100 new members sworn in. The camp at Laton is increasing very fast. Charles Bervin returned to his work on the Santa Fe Saturday after a month's vacation.
Fred Tipple is working for L. L. Tipton.
Frank Cooper returned Saturday from San Luis Obispo where he has been hunting wheat.
The office of Nares and Saunders is having a vault put in and will be their main office in the future.
S. A. Nares was in town on business Saturday.
Mr. Frazer left for Los Angeles Saturday on a business trip.
John Silva's team were frightened by a switch engine Saturday and ran away. They went one mile west and then came back and were caught on Fourth street.
Mrs. J. E. Everhart returned Saturday from Dinuba where she spent several weeks visiting friends.
Mrs. H. H. Beagle gave a dinner to the ladies of the church on Sunday. There were twenty-three present and all enjoyed the day very much.
Rev. Young returned Saturday from Portland, Oregon, where he has been for the past five months for his health. He gave a lecture to the Christian Endeavor on Sunday evening.
Mrs. Charles McFarland, Miss Mary and Mr. Clem, and David McFarland arrived here last Tuesday from Kenmore, N. D. They have bought places near William Hall, the proprietor of the Kings County vineyard, was in town on business Tuesday.
H. J. Beagle left Saturday for Orms where he is doing some building.

KINGSBURG CROPS YIELD RICH RETURNS
Reports of Farmers Show That Fresno Lands Constitute a Gold Mine.

The Kingsburg Recorder publishes the following reports of proceeds of crop yields:
August Nelson realized from 2 1/2 acres of peaches \$1800.
C. W. Ratterberg from 108 peach trees, realized \$40.
M. N. Heerman, from 50 trees, got \$20.
E. H. Benschel harvested 20 tons of peaches from two acres, which he sold at current prices, netted him \$1200.
A. H. Benschel harvested from 100 trees 50 tons, which he sold at \$12.50 per ton, netted him \$1250.
M. S. Stevens made the sum of \$1100 on 500 peaches harvested from a little less than fourteen acres, for which he got 10 cents per pound, or \$1267.
W. H. Seaward had 58 pear trees from which he sold \$200.00 worth of fruit.
A. H. Nelson has 500 3/4 inch peach trees that brought him \$111.12.
O. L. Branch sold 2 1/2 tons of dried peaches from 150 trees.
Twenty-one Salway peach trees brought M. N. Heerman \$175.50.
A. H. Benschel has a vineyard of 3-year old peaches which he harvested on Nov. 4, per acre, and sold them to the winery at \$10 per ton.
E. F. Borch, from a half acre of peaches, realized \$102.50.

RELIGIOUS SERVICES IN SCHOOLS FORBIDDEN

LOS ANGELES, Nov. 4.—Reversing a previous decision, the city Board of Education today handed down an opinion sustaining the objection of residents of the Whittier school district to gatherings of the Y. M. C. A. at the Y. M. C. A. bodies at the public school during school hours. It was held the practice constituted a violation of the law against religious teaching. The principal of the school had notified his intention of discontinuing the practice.

NEW TABLE GRAPE BEING DEVELOPED
Santa Clara Product May Be Very Valuable—Rivals the Flaming Tokay.

Santa Clara County, Cal. vineyardists are interested in an entirely new kind of grapes being developed at the Government experimental station near Indio, and Prof. H. C. Henshaw is of the opinion that it will result in a grape that will equal the famous Flaming Tokay, which has given Indio its name. The new variety is somewhat similar to the Tokay in texture and color, but is impervious to the rain, is much firmer and can be shipped longer distances without damage. It appears to be a cross between a Tokay and Parera and is of an improved flavor. If properly developed it is expected to become a most profitable variety.

PACKER SAYS JOBBERS WILL WANT MORE GOODS

Writing to his New York correspondents, under date of October 25, a well-known packer says: "While the dried fruit market has been somewhat quiet the past month, yet from all we can learn very few jobbers have enough goods to carry them through to the first of the year, consequently will have to stock up in a short time, and with the small quantity of dried fruit left here on the 1st, the market will advance very materially when the stocking up commences. In fact, we do not believe that there are enough peaches, apricots or prunes on the coast to carry the trade through."

ARNAUDON EXONERATED FROM RAILROAD CHARGE

Well Known Citizen Accused of Stealing Ties By Hawkshaw, Disproves Allegation.

A. J. Arnaudon, the rich man of Mendota, was given his preliminary examination yesterday before Justice of the Peace Myers, on a charge of grand larceny, and after all the evidence adduced was discharged. He was accused of about two miles from Mendota, of having tracked one of Arnaudon's teams from where the ties were piled alongside the railroad track to where they were found. A teamster, John Castro, admitted hauling one load of the ties but said he was employed by an employee of the company. Mr. and Mrs. Arnaudon testified that the ties were obtained from another railroad employee in exchange for stove wood.
Judge Stanton L. Carter, who appeared for the defense, made the witness, Switzer, confess to some "Sherlock Holmes" methods of detective work and Deputy District Attorney Thomas failed to wend the story of the defense. Judge Myers discharged the proceedings without hesitation and Mr. Arnaudon left court after a complete vindication.

PEOPLE DISLIKE PAPER CURRENCY

Citizens of San Francisco Very Slow to Take Up the New Clearing House Certificates.

(Special to Republic.)
SAN FRANCISCO, Nov. 4.—The attempt to place the city on a paper currency basis by the clearing house certificates is being attended with much difficulty. People who have been accustomed to see intrinsic value in the good old gold are shy at the paper. The postoffice will not accept it and many of the smaller businessmen refuse it. The five dollar certificates are now quite largely circulated and issues of one and two dollar denominations are next to come.
Chinese laundrymen, for example, all refuse to take the paper money at all. Even some saloon-keepers are turning it down. With the appearance of the gold and silver seem to be disappearing, the people insisting on putting out the money that they like best.
The clearing house found it necessary to supply their customers with some of the good old coin, for to make them dependent on the certificates would place them in ugly predicaments because of the refusal to take them in many quarters. Generally speaking the clearing house will compromise on half its meeting withdrawals, dividing equally between coin and the paper.
It is expected that the public will soon be educated to the worth of the certificates and that after a week or so they will circulate without difficulty.

PRINT WORKS GOES INTO RECEIVERSHIP

Textile Establishment Has a Hard Time Renewing Its Loans Owing to Money Stringency.

NORTH ADAMS, Mass., Nov. 4.—Henry E. Warner of Boston was appointed receiver of the Arnold Print Works of this city, one of the largest textile concerns in the country, by the United States Circuit court at Boston today. The corporation has a large printing factory here, with offices in New York and Boston, and owns the Beaver and Helms cotton mills of North Adams. The Williamson Manufacturing company's mills of Williamson, an offshoot of the North Adams Manufacturing company's mills of North Adams, Vermont.
The corporation has liabilities of \$3,500,000, and assets estimated at \$15,000,000. Of the liabilities, \$6,500,000 is represented by promissory notes and obligations to banks. The corporation is declared to be solvent, but owing to the stringency of the money market was obliged to have a receiver appointed in order to conserve its interests. The mills and print works have been doing an immense business, and according to the receiver will continue in operation. The print works and allied mills employ 8000 hands.

FISH WILL SEND FOR NEW PROXY VOTES
Fight Against Harriman in the Illinois Central Management Is to Continue.

NEW YORK, Nov. 4.—When asked tonight whether he would send to the stockholders of the Illinois Central Railroad Company a new request for proxies for the meeting to be held at Chicago, December 15th, Stuyvesant Fish, who is contesting the election of a new directorate with E. H. Harriman and the latter's associates, said: "I certainly shall. I understand that Mr. Harriman has just sent out a request for proxies running to President Harriman and himself and has done it officially as secretary of the company, although the latter associates are in no way directly or indirectly authorized it. The result of Mr. Harriman's action has been to put many of the stockholders upon inquiry and they have asked me what I am going to do. I have told all of them that they should not comply with Mr. Harriman's request, which is clearly another move for Union Pacific domination, and I am asking the stockholders to await proxies which I shall send out forthwith."

TRIAL OF STEVE ADAMS BEGINS AT RATHDRUM

Wife and Mother of the Defendant Only Witnesses Permitted In the Courtroom.

SPOKANE, Wash., Nov. 4.—A special from Rathdrum says: The taking of testimony in the trial of Steve Adams for the murder of Fred Tyler about August 10, 1904, began today. The courtroom was well filled with spectators. By agreement of the attorneys, Mrs. Steve Adams, wife of the defendant; J. Lillards of Baker City, Ore., uncle of Adams, and Mrs. Anna Thomas of Santa, Idaho, mother of the murdered man, are permitted in the courtroom during the trial, but all other witnesses are excluded. Mrs. Anna Thomas was the first witness called, and the forenoon was taken up giving descriptions of Fred Tyler, the clothing last worn by him and when he disappeared.
Letters written by both Fred Tyler and Mrs. Thomas were admitted in evidence, showing that the man and his mother were in correspondence, up to July 15, 1904. Another letter written later by Mrs. Thomas was also introduced. She said she did not send the letter, for the reason that Fred had disappeared and she did not know where to send it. Mrs. Thomas was permitted to read her testimony, taken at the previous trial, and was asked as to certain points in it.

BONDS WORTH \$14,000 STOLEN IN NEW YORK

NEW YORK, Nov. 4.—The theft of \$14,000 worth of railroad bonds was announced today at the office of Wasserman Brothers, brokers. The stolen securities included eight \$1000 Erie first consolidated bonds, due in 1906, and six \$1000 Oregon Short Line Railroad Company refunding bonds, due in 1928. The circumstances of the theft were not made public, except that the bonds were stolen from one of the firm's customers.

VALPARAISO FIRE COSTS HALF MILLION

VALPARAISO, Chile, Nov. 4.—Fire last night caused a loss estimated at \$500,000. Seven firemen were injured and the American firm of Wesel, Duval & Company sustained considerable loss.

CHARCOAL STOPS GAS ON YOUR STOMACH

Wonderful Absorbing Power of Charcoal When Taken in the Form of Stuart's Charcoal Lozenges.

Stuart's Charcoal Lozenges, absorb 100 times its own volume of gas. Where does the gas go to? It is just absorbed by the charcoal—the gas disappears and there is left a pure, fresh, sweet atmosphere, free from all impurities and germs.
This is what happens in your stomach when you take one or two of Stuart's Charcoal Lozenges, the most powerful purifiers science has yet discovered.

You belch gas in company, sometimes by accident, greatly to your own humiliation. That is because there is a great amount of gas being formed in your stomach by fermenting food. Your stomach is not digesting your food properly. Gas is inevitable. Whenever this happens, just take one or two of Stuart's Charcoal Lozenges right after eating, and you will be surprised how quickly they will act. No more belchings; no more sour risings. Eat all you want and what you want, and then if there is any gas going to be formed, one of these wonderful little absorbents, a Stuart Charcoal Lozenge, will take care of all the gas.

And it will do more than that. Every particle of impurity in your stomach and intestines is going to be carried away by the charcoal. No one seems to know why it does this, but it does, and does it wonderfully. You notice the difference in your appetite, general good feeling, and in the purity of your blood right away.
You'll have no more bad taste in your mouth or bad breath, either from drinking, eating or smoking. Other people will notice your bad breath quicker than you will your own. Make your breath pure, fresh and sweet when you take Stuart's Charcoal Lozenges. Just one or two Stuart Charcoal Lozenges will make your breath sweet and make you feel better all over for it. You can eat all the onions and odoriferous foods you want, and no one can tell the difference.
Besides, charcoal is the best laxative known. You can take a whole boxful and no harm will result. It is a wonderfully easy regulator.
And then, too, it filters your blood—every particle of poison or impurity in your blood is destroyed, and you begin to notice a difference in your face first thing—your complexion. Stuart's Charcoal Lozenges are made from pure white charcoal, and just a little honey is put in to make them palatable, but not too sweet.
They will work wonders in your stomach, and make you feel fine and fresh. Your blood and breath will be purified.
We want to prove all this to you, so just send for a free sample today. Then after you get it and use it, you will like them so well that you will go to your druggist and get a 50c box of these Stuart's Charcoal Lozenges. Send us your name and address today and we will at once send you by mail a sample package free. Address J. A. Stuart Co., 280 Stuart Bldg., Marshall, Mich.

GOOD BLOOD

NATURE'S PROTECTION AGAINST DISEASE

The preservation of health and prevention against disease is almost entirely dependent upon pure, healthy blood; every organ, tissue, nerve and sinew of the body draws on this vital fluid for nourishment and strength. Poisons, humors and germs from various sources often get into the blood, and then this great life-stream becomes a source of infection and disease, instead of a nourishing, health-sustaining fluid. Heredity is likewise an important factor, regulating the quality of the blood. Some persons are born with tainted blood from diseased ancestry, and Scrofula in one of its numerous forms is sure to crop out some time in life. Not only poisons in the blood are responsible for disease, but when the circulation is run down and becomes poor and weak in quality, then we see the effect in a general bad condition of health, such as weakness, sallow complexion, boils, and various skin eruptions. All blood troubles require a tonic and blood purifier, and none other equals S. S. S. It goes down to the very foundation of the trouble, and removes every particle of the poison or impurity from the blood. And not only does S. S. S. antidote the poisons, humors and germs, but it possesses health-giving, tonic properties, which build up and strengthen weak, impoverished blood, and fortifies the system against disease. S. S. S. permanently cures Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Eczema, Tetter, and all other skin diseases and disorders. Book on the blood and any medical advice free.

Society

The most talked of event of the week is the Escholtz dance, which takes place this evening in the Hughes Hotel. The committee has worn an anxious look for the past week that signifies something especially tempting in this first dance of the season. The decorations are in charge of Miss Kate Parsons and are to be both elaborate and unique. Some stunning new dancing frocks are to make their initial bow to the ball room tonight and the scene promises to be a brilliant one. The married set is taking an unusual interest in this year in the dance, which augurs well for their success. Unlike most places the initiative in things social in Fresno is nearly always taken by the young married people, so that when the stamp of approval is put upon an entertainment by their success is a foregone conclusion.

Miss Dolly Tarpey has gone to San Francisco with her father to be gone a week or two.

Miss Grace Shaver and Miss Betty Maupin will accompany the former's father, C. B. Shaver, to the mountains this morning to be gone over the week end.

Quite the most important happening in society yesterday was the charming luncheon at which Miss Mable Dalton presided at her aunt's country place "Arden," honoring Miss Almee Newman, whose friends have been vying with each other in pleasant entertainments for her. There have been many notable events beneath this hospitable roof tree, but none more delightful than yesterday's affair, at which Miss Dalton presided with such cleverness. Covers were laid for eight at the pretty table in its "bride's" adornments. For a winter place was a huge basket of white cranberries and ferns tied with a lovers' knot of white tulle. Smaller baskets were placed at either end of

the long table and over the whole pretty floral effect was shed a soft radiance from candles held in beautiful silver candelabra which are among the treasures of this house, which abounds in beautiful old silver and bronzes. The place cards designed by Mr. Dalton, were particularly appropriate and dainty in silver horseshoe design with a swirl of green attached with a lover's knot of "tulle" originally suggesting the prospective groom. Toasts were proposed to the happy pair and altogether the festivity was most merry. When the guests had all assembled in the drawing room again the hostess asked Miss Newman if she would not play and as she sat down to the piano and lifted the cover she beheld in the usual ivory for the very first time the bride's face. The bride was covered with eighteen mysterious white packages which upon examination were found to contain eighteen of the prettiest silver spoons a happy bride ever possessed.

When these treasures had been duly admired, each girl was given a sketching sheet and pencil and asked to produce a picture of the bride's future home. Mrs. W. W. Craycroft was awarded the prize for the most original conception. These wonderful plans were finally enclosed in an artistic cover bearing the words "Modern Architecture" and presented to Miss Newman as a memento of the happy affair. Music followed, Miss Newman, Mrs. Cleary and Mrs. Craycroft contributing to the pleasure of the guests. The other pretty maids who added very materially to the enjoyable occasion were Misses Lona Dalton and Jennie Beveridge, who made ideal little waitresses at the happy feast. With Miss Newman those who were asked included Mrs. Arthur Anderson, Mrs. W. J. Cleary, Mrs. W. W. Craycroft, Misses Grace Shaver, Ina Dickinson, Maud Helm, Zoe Eden, Aline Edwards, Elizabeth Kennedy, Eugenia Miller, Eleanor and Violet Hodgkin, Tessie Huber, Maud Muller, Elsie Smith, Mrs. Edwin Howe of Los Angeles.

Miss Julia Dixon is here from Merced on a week's visit to Mr. and Mrs. W. W. Phillips.

On Saturday the Fresno Musical Club holds its second "home day" in Risley Hall. It will be an operative day with the following program:

Mrs. Johnson Guy Rhodes. Piano—"Il Trovatore".....Verdi
Mrs. Charles Swasey. Piano—"La Traviata".....Verdi
Recitative and aria. Miss Maud Hohmann.
Song—"Aida".....Verdi
Scene and duo from act II. Mrs. Don Pardee Riggs.
Miss Nell Ritchie.
Song—"Lucia di Lammermoor".....Donizetti
Mrs. B. Anala Peck.
Chorus—"Flying Dutchman".....Wagner
"Spinning Song."
Song—"Hensel and Gretel".....
Scene and duo from act I. Mrs. Ralph Powell.
Miss Gertrude Freitag.

A most delightful gathering of neighbors.

Do People Shun You
ON ACCOUNT OF FOUL BREATH FROM CATARRH THEN READ BELOW.

"My, My! What a Breath! Why Don't You Have Gause Cure That Catarrh?"

If you continually hawke and spit and there is constant dripping from the nose into the mouth, if you have foul, disgusting breath, you have Catarrh and I can cure it. All you need to do is simply this: Fill out coupon below.

Don't doubt, don't argue! You have everything to gain, nothing to lose by doing as I tell you. I want no money—just your name and address.

THREE VINEYARDS SELL FOR \$162,400

Italian-Swiss Co. Buys 1120 Acres In Bearing.

Vineyards Involved Are the Empire, the Atlas and the Sharon.

A deed was placed on record yesterday afternoon transferring ownership of a section and the quarter of a vineyard property by the Occidental Land and Improvement Company to L. E. Franciscan and eight others associated as a co-partnership and doing business under the title of the Italian-Swiss Winery and Orchard Company. This deal consummated yesterday between Messrs. W. J. Alstut and Franciscan involves one of the largest transactions in grape growing property in Fresno county in a long period. The passing of the deed is record proof of the sale by the Occidental Company to the Italian-Swiss co-partnership of the Empire vineyard of 640 acres, the Atlas vineyard of 320 and the Sharon of 160 acres, all located north of Rosinda and under lease and cultivation by the co-partnership.

The deed does not give the consideration, but on the face of the deed the Republic is informed that the selling price was \$162,400, and that the binding of the agreement of sale a check for a first installment payment of \$40,000 was made yesterday, and this as a season when Fresno is popularly supposed to be undergoing a financial flurry.

The three vineyards are under full cultivation and it is stated harvested this season one of the largest raisin crops in the county, 640 tons. It is the intention of the Italian-Swiss Winery and Orchard Company to incorporate and eventually to erect a winery on its premises.

The members of the Kaffee Klatch enjoyed their customary weekly gathering yesterday with Mrs. Roy Chaddock. Miss Grace Chaddock, who is a visitor from Los Angeles, was a guest of the afternoon. Next week Mrs. A. F. Duncan entertains the club.

Mr. and Mrs. James Trowhitt went to Hanford last night to attend the wedding of Mr. Trowhitt's brother.

Mrs. William W. Craycroft will entertain at bridge this afternoon in honor of Miss Almee Newman.

Mrs. E. W. Moore of San Francisco, is the guest of Mr. and Mrs. John James this week. She leaves for home in a day or two and will be accompanied by Mrs. James' daughter, Miss Lillie James, who goes to San Francisco to pursue her musical studies.

At the Cumberland Presbyterian manse yesterday morning occurred the wedding of C. M. Eiland and Miss Mabbott Brown of this city. The wedding was a very quiet one, those witnessing the ceremony being the mother and two sisters of the groom, the bride's mother and brother. The newly wedded pair left on the morning Southern Pacific train for the north, where the honeymoon will be spent.

At 10:30 yesterday morning Rev. Wallace Redfield officiated at a wedding which took place at the bride's home, 352 Glen avenue, when Miss Flora Elizabeth Crawford became the bride of John Arthur Johnson. After the ceremony, which took place amid most attractive decorations, a wedding breakfast was served, in which the bride and groom and their relatives sat down. Mr. and Mrs. Johnson left on the noon train to spend a brief honeymoon in the north.

The Wednesday club meeting with Mrs. W. E. G. Saunders yesterday afternoon, held particular interest for the members since it was the first afternoon of the study of Niebelungenlied, forms a large part of the winter's work. For several preceding meetings Gorman history of an early period and various German myths and legends have been studied in preparation for the lecture given yesterday by Chester H. Rowell. The club's full membership was present and one or two visitors.

Mr. Rowell gave a synopsis of the story of the Niebelungenlied as it appears in the twelfth century German poem, and also of the older version of the same story, as they appear in Teutonic, Old German and Anglo-Saxon poetry. He also discussed the mythological and historical elements in the tradition, and the progress by which they became welded in the complete epic poem. After the lecture there was a general discussion of the subject, in which the ladies of the club showed a great deal of familiarity not only with the Niebelungenlied, but with medieval literature and life.

RUMOR SENDS SHERIFF ON WILD GOOSE CHASE

The report that two men had been seen Thursday burying something which they had hauled to a small island in the San Joaquin river, near Mendota, led Sheriff Hittenden to make a trip to the spot yesterday morning.

Investigation developed that the men had taken a team to the island to haul a wooden bench which had been washed there by the current.

GOVERNOR COMPELLED TO BE SAMARITAN

Gillett's Auto Runs Down Boy and Teamster Compels Former to Take Him to Hospital.

SAN FRANCISCO, Nov. 6.—Governor Gillett's automobile, or rather one belonging to the Bank of California, in which the governor, with his wife and son, were riding, yesterday afternoon struck a small boy as the latter jumped from a truck street car near Octavia. The boy, Edwin Byrne, was taken to the emergency hospital for treatment and there complained that the governor, whom the lad did not know, had refused to take him to the hospital until a husky register, an informant of Gillett's identity, compelled him to do so.

Byrne, who is a fifteen year old errand boy, working for an engraving company, says he was "nipping a ride" on the Turk street car when the conductor threatened him. The boy jumped in front of the machine, which he says, gave no signal of its approach.

The chauffeur, W. H. Snow, was unable to stop the auto and it struck the youth, throwing him heavily to the pavement. A crowd quickly gathered and some one picked the boy up and was going to place him in the auto with the governor.

The state's chief executive, seeing that the boy was not seriously injured, demurred until a teamster from a passing wagon got off and threatened to do some damage if the suffering boy was not taken in the machine past haste to the central emergency hospital. And it happened that the errand boy had a ride with the governor, but did not know it. The latter got away as quickly as possible after the boy had been turned over to the hospital attendants and did not leave the name of the automobile in which Gillett was taking an afternoon outing with his family was 601.

After treatment for severe bruising and lacerations young Byrne was taken to the ferry and sent to his home in Mill Valley.

THE HOUSE THAT SAVES YOU MONEY

Stetson Hats In All Shapes.

SMALLEST OF POLITICIANS.

Commodore Nutt Divides His Time Between Office Holding and Hotel Managing.

The smallest politician in the world is Commodore Nutt, who for many years has divided his time between office holding and hotel managing. He is a man of many talents, and has been for a number of years, deputy sheriff of Winchester county, New York, and in addition is maintaining the dignity and amassing the emoluments of his office, has been, since his retirement from public life a number of years ago, landlord of the principal hotel in White Plains, N. Y.

The Commodore is intensely proud of his official position and has hanging at the back of his safe his official club and badge of office. It is a pleasure to talk to him of the "old days" of his world tours under the management of the Pinneus Taylor Barnum and of the thousands of famous people he met on tour, but his tender recollections seem to be of Mrs. Tom Thumb to whom he is devotedly attached, and his eyes will sparkle with fun as he relates how that little beauty connected with the general before she finally consented to be his bride.

Mrs. Gen. Tom Thumb is equally communicative on this subject and upon almost any other, and her greatest pleasure is to renew old acquaintances and to make new friends, which she does in public receptions twice each day with the Gentry Brothers Famous Show.

Showing Countess Magri now, by virtue of her marriage to Count Prince Magri, a nobleman of the highest rank, the countess not only has the least objection to harking back to the days before the famous Gen. Tom Thumb had passed to his rest. The count and countess are accompanied on their present tour by the count's brother, Baron Littlefinger Magri, and this interesting trio will hold receptions and will be seen at each performance of the Gentry shows the afternoon and evening of Monday, November 11th, in Fresno.

LOS ANGELES, Nov. 6. An echo of the disastrous collapse of the Bixby hotel, the reinforced concrete building in Long Beach, which fell and killed many workmen one year ago, was heard in this court house today when Attorney John Hamilton filed four damage suits against F. L. Spaulding, the contractor, for the aggregate sum of \$70,445. The plaintiffs are widows and children of the men who were killed.

TO AILING WOMEN

A Little Sound Advice Will Help Many a Fresno Sufferer.

No woman can be healthy and well if the kidneys are sick. Poisons that pass off in the urine when the kidneys are well are retained in the body when the kidneys are sick. This is the true cause of many bearing down pains, humors, backache, sciatica, etc. Urine poisoning also causes headache, dizzy spells, nervousness and rheumatic pains.

When suffering so try Doan's Kidney Pills. The remedy that cures sick kidneys. You will get better all the kidneys get better, and health will return when the kidneys are well. Let a Fresno woman tell you about Doan's Kidney Pills.

Mrs. A. Gifford, living at 1329 Iowa St., Fresno, says: "When I commenced taking Doan's Kidney Pills I was feeling miserable, was tired and worn out and had severe pains through my back and hips. My kidneys were very irregular in action, and caused me a great deal of annoyance on account of their frequent action. I also had severe attacks of headache and at times was troubled a great deal with dizziness. After using many remedies without satisfactory results, I procured a box of Doan's Kidney Pills at Baker and Colburn's drug store. I used them very carefully as directed and noticed that the symptoms were diminishing. I am now feeling unusually well and attribute my good health to the use of Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

TULARE LANDS ARE IN GREAT DEMAND

Success of Ranchers With Their Crops Brings on Boom.

Many Have Paid for Their Nightwatchman Creates Sensation By Admitting He Takes Money.

TULARE, Nov. 6.—There is a veritable land boom on at Tulare, and one of these booms gotten up by real estate agents for their own benefit, but one that came on as a result of some startling experience of purchasers of land, who reported the results of their investment in money in a manner that was as much of a surprise to them as to the community in general.

Of the many persons who have purchased land in the unproductive large tracts contiguous to Tulare a few cases may be cited to show the almost general experience.

Some years ago John Hamilton purchased a quarter section of land nine miles southwest of town. Mr. Hamilton paid for his land and every dollar of improvement he put on it, with two crops; he still has the land, part of it in fruit, the rest in alfalfa.

Purposely to hold on to his ranch with building tenacity and would not trade it for a good mine.

Two purchasers of land in the first tract, one of forty acres and one of twenty acres, had identically the same experience that John Hamilton had. They cleared the price of their land in two years' crops.

There are not isolated cases, for almost all of the many ranchers who have broken ground within the last four or five years are telling the same tale to their erstwhile neighbors back East and that is what is bringing an unprecedented number of purchasers to Tulare at present. Most of those who buy are building houses at once. In the city houses cannot be had for renting at all, and some of the new ranchers are improving at first.

One of the notable land transactions of the last few days was the selling of eighty acres each to S. O. Walker and A. J. Cameron in the Nelson tract which originally contained 500 acres and which has now been sold. It brought over \$11,000 profit to the man who sold it, after holding it less than five years.

Edmund, who already has one of the largest and finest orchards in the county, yesterday purchased an additional 245 acres lying between his ranch and Tulare, being on the border of the town. This whole tract will be set out as a vineyard. Mr. Edmund has been immensely successful and his land is producing great wealth for him.

City property is also in demand for residence purposes. The old baseball grounds were recently sold to parties who intend to divide it and build it for fine residence property, selling it only on condition that purchasers build homes of a certain standard of price which will make it the best residence district.

W. H. Townsend of Los Angeles purchased 120 acres of land north-west of Tulare and will at once start a dairy ranch. He proposes to start the erection of a house thereon as soon as he can get the lumber.

The dairy business keeps right on growing in this part of the country. A. W. Smith, Oscar Griffith and Bert Harrison yesterday received a shipment of three carloads of blooded dairy stock which they had purchased in the southern part of the state.

Like E. Smith, south of Tulare, also purchased a herd of fancy Holsteins of the highest grade and will have them shipped in a few days.

There are a surprising number of purchasers of high-grade stock, most of which are secured in this county fairly recently held in this and adjoining counties. All the dairymen are well supplied with a desire to have blooded stock, believing them to be more profitable, if they are more costly.

The Tulare football champions play at Selma on Saturday and are working hard now to win the championship. The Tulare team is a hard proposition to retain their championship. In fact nothing but the hardest kind of work will give them the laurels this year. Some of their most enthusiastic supporters are fearful of the result.

It is proposed by a number of prominent business men in town to organize a purely social club, and a meeting will be held this evening in the hall for that purpose. The need of a club and a clubhouse has been felt and commented on for a long time but until the present movement there has been no tangible plan to organize. It is proposed to enlist the very best and most progressive men in town in this club and furnish the clubhouse in a manner to fittingly represent visitors from abroad. Tulare business men are noted for their liberality and there is no doubt but what the club will be a social affair.

The "Financial" and "Social" phases of Tulare business are well represented in fact few people paid the slightest attention to the threatened panic and no person showed an inclination to withdraw deposits. The amount of money now on deposit in local banks is slightly more than twice as much as last year and the depositors have the utmost confidence in the integrity of the bankers.

A reception was tendered to Mrs. Rachel Bartholomew by the local W. C. T. U. ladies, at the home of Mrs. G. A. Starkweather. Mrs. Bartholomew had just returned from the state convention at Palmdale.

Mr. William H. Le Harro has arrived from Ellipton, South Dakota, to make this his future home. On a previous visit he purchased some ranch property and now he is at a loss to know where to live until he erects a house, as there are none to be had in Tulare.

Most Consumptive Graves. Are filled by those who neglect the first little tickling cough. Take warning and use R. R. Lung Tonic at the start. Price 50c at South Coast Drug Store.

MADERA HOSPITAL IS CLOSED TO DRUNKARDS

Alcoholism Patients Will Not Be Admitted for Treatment.

Nightwatchman Creates Sensation By Admitting He Takes Money.

MADERA, Nov. 6.—CITIZENS of this county who have stayed with the flowing bowl until they see green frogs collecting street-car fares, will no longer be invited to regain their normal mental balance at the expense of the county, for County Physician Ford and Supervisor Ellis have sent forth the edict that no more candidates for the Keeley cure will be admitted to the county hospital. Patients suffering from alcoholism have been admitted to the hospital and many of them treated at the expense of the taxpayers.

The Board of Supervisors have issued an order that no more "jag-cure" patients shall be admitted under any circumstances.

Admitting that he had taken some of money every month from these patients, he has been getting from watching their places of business while he was on the pay roll of the city for \$20 per month. Nightwatchman D. S. Lewis created quite a sensation before the city trustees, when called upon for an explanation as to why he accepted gifts from these places.

The fact that Lewis was taking money for services which the city paid him to perform was reported to the city trustees and he was called upon to say whether or not the charges were true. Without hesitation he admitted some gifts from these places.

The fact that Lewis was taking money for services which the city paid him to perform was reported to the city trustees and he was called upon to say whether or not the charges were true. Without hesitation he admitted some gifts from these places.

Mrs. Ellen Wren, wife of T. B. Wren and mother of Minnie and Jim Wren, died Monday afternoon.

HANFORD MAN BUYS RANCH NEAR FRESNO

Purchases Thirty-Acre Tract Four Miles from Town.

Visalia Attorneys Uphold Kings County Supervisors on Franchise.

HANFORD, Nov. 6.—J. H. Nelson, a vineyardist of near Hanford, has purchased a thirty-acre vineyard four miles north of Fresno. He will still retain his Kings county acreage.

Readley & Barnsworth, the attorneys of Visalia, have rendered an opinion to the board of Kings county supervisors sustaining them in every point on their recent action regarding the interpretation of the law relative to an electric railroad franchise. The opinion is in part as follows:—We are of the

opinion that said act (Statutes of 1905, page 771), is constitutional. We have carefully examined the constitution of this state and we do not find any provision that prohibits the legislature from passing any such act.

John B. Benedict, Kings county surveyor, has rented a house in Angolia, where he will reside with his family during the coming winter. The large amount of work which he has on hand in the Angolia district rendered the change of residence necessary.

About 200 members of Umpqua Tribe, O. R. M. Genesee Council, Deontologists Degree and visiting friends boarded a special train from Hanford to Conlinia this evening. The occasion was the institution of a new lodge of Deontologists Degree, the work being put on by Genesee's crack drill team.

Attendance Officer Charles Greenbrand is actively fulfilling the duties of his office. Two young truants were taken on the streets this morning between school hours.

The new metallic devices which are rapidly supplanting the old farmers' lines in Kings county are giving general satisfaction. A new line is under contemplation into the Kings river district.

Nathan Cole, president of the Pacific Sugar Company, W. S. Patchner, and G. S. West of Los Angeles, were business visitors in Hanford today in the interest of Corcoran's new beet sugar plant.

Sinclair Not Estranged. BATTLE CREEK, Mich., Nov. 6.—Here with his wife, today indignantly denied the reports about the estrangement between him and Mrs. Sinclair, who has been a patient at the sanatorium here since August last, recuperating from a dangerous attack of appendicitis.

Tammany Leader Dead. NEW YORK, Nov. 6.—Daniel P. Mc Mahon, who was leader of Tammany Hall, with Charles F. Murphy and Louis Bluford, who left for Europe, were seen on the chairmanship of the executive committee, died today at Atlantic City. Richard Croker regarded Mr. McMahon as one of his closest political friends.

Many persons who can't drink coffee without lying awake at night, find Postum Food Coffee agrees with them perfectly.

The important thing is to boil the Postum at least 15 minutes so that its flavour and full food value may be obtained. When made right and taken hot with good cream and sugar to suit one's taste, Postum is as delicious as Java coffee.

Made of wheat, it contains no drug or other harmful substance. Try Postum 10-days, while you leave off coffee with its drug caffeine. "There's a Reason."

ARRANGED FOR BURIAL THEN KILLED HIMSELF

Santa Fe Agent at Visalia Commits Suicide.

Shot Himself Through Chest. Replaced Revolver and Drowned Dead.

VISALIA, Nov. 6.—John S. Dough, assistant Santa Fe depot agent, committed suicide in his office at 8 o'clock this morning. Mental derangement due to a brooding nature, is assigned as the reason for the act. Dough had planned the act in a dramatic manner. He carried out his routine duties, gave an order to a train, sold a ticket, and then opened a drawer from which he drew a revolver. He shot himself in the region of the heart, quickly replaced the revolver, staggered a few feet and fell dead.

Dough had evidently had in mind the idea of taking his life for several months ago, he had entered into a written agreement with a local undertaker regarding the care and shipment of his body to New Jersey. The agreement designated the style of coffin, the price and like details.

While Dough had doubtless long brooded on taking his life, it is possible that another man's mistake may have been the immediate cause. The night man in securing the cash made a mistake of \$25, which appeared to show a shortage to that amount. In his apparently deranged state, this seemed to worry Dough.

Dough was a bachelor and had lived here for the past four years. He was of a quiet disposition and stood well in the community. His sensational suicide proved a shock to many people.

opinion that said act (Statutes of 1905, page 771), is constitutional. We have carefully examined the constitution of this state and we do not find any provision that prohibits the legislature from passing any such act.

BIG FIELD RANCH IN KERN TO BE CUT UP

Twenty-eight Thousand Acres Are to Be Thrown Open.

Famous Ranch Near Corcoran to Be Subdivided and Sold on Easy Terms.

BAKERFIELD, Nov. 6.—The Big Field ranch, comprising 28,000 acres of choice agricultural land in Kern county, is to be subdivided and opened to small ranchers on easy terms. The land, which is some of the richest ground in the San Joaquin valley, will be thrown on the market in a few days. Big Field is five miles from Elmo on the Santa Fe and south of the new town of Corcoran, where the Pacific Sugar Company is putting up a million dollar plant.

The soil is said to be rich and black, and vines, fruit and grain grow to abundance. Surface water is reported to be found at ten feet while pump wells are found at forty feet, and experts say that it is almost certain that irrigations would be able to get artesian water a little deeper.

Many efforts have been made by syndicates to secure the rich Big Field ranch, but the owner turned a deaf ear to all such propositions. He declared that the ranch should be kept out of the hands of speculators and subdivided in such manner as to insure the establishment of a ranching settlement, which should form the basis for a great valley city at some future date.

The late owner's will contained a provision making necessary the opening of the famous property to settlers, homesteaders and agriculturists. The trustees, in following out the provisions are preparing to set an early date for the allotment.

Accused of Land Fraud. ROSWELL, N. M., Nov. 6.—A verdict of not guilty was returned today in the case of Benjamin H. Tallmadge of Denver, tried in the federal court on the charge of land fraud. Only one ballot was taken by the jury.

Two Laborers Electrocuted. CHICAGO, Nov. 6.—Thomas Haugh and Charles R. Knutsen, laborers employed by a contractor, were electrocuted today while operating a derrick. A cable coming in contact with their wires.

Many persons who can't drink coffee without lying awake at night, find Postum Food Coffee agrees with them perfectly.

The important thing is to boil the Postum at least 15 minutes so that its flavour and full food value may be obtained. When made right and taken hot with good cream and sugar to suit one's taste, Postum is as delicious as Java coffee.

Made of wheat, it contains no drug or other harmful substance. Try Postum 10-days, while you leave off coffee with its drug caffeine. "There's a Reason."

Something New for the Modern Housewife

Card Index Cooking Recipes
The innumerable advantages of the "Y" and "L" card index systems have long been recognized in business circles, and at the present time there is scarcely a business that does not make use of them in some form or other.

The Housewife is now invited to participate in Card Index advantages in the form of a choice collection of Mrs. Alice Gitchell Kirk's Cooking Recipes arranged on the Card Index plan. The outfit consists of a handsome cloth-covered box with hinged cover and drop front; 13 index guides with printed titles for classifying the various kinds of recipes, and 125 cards, each containing a neatly printed recipe.

The modern housewife can now dispense with the oil cloth covered book and the flat iron to keep it open with. The danger of soiling the entire lot of recipes while using one is also a thing of the past. One card is now selected from the box and hung upon a nail or hook (there is a hole in each card for that purpose), leaving the remainder intact. This card tells you just what utensils are needed and these can always be procured before beginning to handle the ingredients. There is no danger of forgetting, because the list is complete. The card tells in another column what ingredients to provide and these can all be brought to the mixing table without danger of omitting anything. The work of preparing and cooking can be done without removing the card from the wall. There is no danger of soiling a card.

You can copy favorite recipes upon blank cards and file them in the box under their proper heads. You can loan your friend one recipe without parting with any other. Additional sets of recipes are in course of preparation and can be added to the box from time to time as desired.

The complete outfit as described above is for sale at the

Without Regard to Former Prices and Terms Pianos Must Be Sold

JOHN A. NEU MUST DISPOSE OF EVERY PIANO, PIANOLA AND PLAYER PIANO IN STOCK, AS WELL AS OVER THIRTY INSTRUMENTS COMING IN FROM DELAYED SHIPMENTS.

Closing Out the Entire Stock And Retiring From Business on Account of Ill Health

This Is a Piano Opportunity That May Never Be Offered Again In Fresno

TO SAVE \$100 TO \$200

Fifteen were sold yesterday. Pianos going today at \$98, \$112, \$167, \$243 to \$492, any of which represents a saving of a third to a half on former prices.

EASY PAYMENTS

It has been the policy of this house during the past fifteen years as well as for all time, to be frank and candid with the public and in telling you of the great reductions offered at this sacrifice closing out sale of pianos, pianolas and player pianos, as well as sheet music and all musical merchandise, I can conscientiously say: If you have any earthly use for a piano—upright or grand or a player piano—intend to buy one inside of the next year—yes, even two years—it will pay you largely to come here and see what I am offering—look the bargains over any way. The bargains of "bargains" is so often a mockery that we refrain from the use of the word except when we can do it full justice.

"At the present time I have on hand nearly fifty of the world's best pianos—pianos that are known to be good and safe pianos to place in your home. These are pianos that sell in any part of California and the West at standard prices, which is from \$100 to \$200 more than I will accept for them at this closing out sale and right here I want to state positively that I am retiring from the piano business on account of ill health and that after the present stock is sold together with delayed shipments now coming in, I shall close up my business here. My store fixtures are all for sale as well as the store lease. I am closing out my sheet music at about a third of the regular price—9c a copy, or three for 25c. Everything contained in the store must and will be sold regardless of cost.

From the way the pianos were taken on yesterday the first day of the sale I predict the stock will soon be gone. Do not wait—Come as soon as possible for choice and do not stay away on account of ready money. Easy payments will be accepted. The "Red Tags" speak for themselves—no price to all alike—a child can buy here as cheaply as the shrewdest bargainer in the city.

Fully Warranted.

Each and every piano or player piano carries one of the strongest guarantees ever given. You have it in writing and

TURLOCK TO THE FORE WITH OVER 10,000 VOTES

Mrs. W. D. Smith of Dinuba Makes the Biggest Gain of the Day.

Keep your eye on Turlock. This five, bustling little city has put a bright, new candidate into the Republican grand, voting contest, which boasts along at a tremendous rate. The latest entry in this great struggle for supremacy is Miss Julia Dwyer of Turlock, a native daughter and a charming girl. She is supported by stenographer in the Turlock Land and Insurance Company and is a bright young business woman, besides being a great social favorite. Her friends have any amount of enthusiasm about her candidacy and will back every effort to see her head the list and stand right in line for the bunch or one of the other big prizes. She has 10,000 votes as a starter and it will be an easy matter for her to make this the nucleus about which thousands more votes will center. She takes second place in District 4 and will be a formidable adversary in Miss Leah Thomas, who holds first place in this district.

It will be a pity for Modesto and Merced to fall back and let Turlock, a town much smaller in size put forth a candidate with so fine a showing as Miss Dwyer. Watch them and see if they are going to allow any such encroachment on their territory. No town with any pride would. So keep your eyes open and see these other towns "spunk up."

F. M. Shuck certainly wants that first place in District 2 and wants it badly. He gained over 14,000 votes yesterday. He is not back and when your annual runs over the 150,000 mark. Another ambitious candidate is Mrs. W. D. Smith of Dinuba, who made the biggest gain of the day yesterday, running over the hundred and a quarter mark. She is one of the energetic ones and her friends are giving her the most substantial evidences of their friendship by their valuable assistance in this big race. Her friends are the kind that realize her winning chances not an ordinary prize, but one of exceptionally worth and they intend that she shall have it.

The complete list of votes up to 5 o'clock yesterday afternoon is as follows:

THANKSGIVING SERVICE

The Ministerial Union has arranged for joint services to be held on Thanksgiving day. Revs. C. N. Queen, Duncan Wallace and J. L. Moore have been appointed a committee to make all necessary arrangements for the service. All the details of the service have not been arranged as yet, though the more general features have been settled.

The services will be held at the Cumberland Presbyterian Church, probably at 11 a. m. Rev. Charles N. Queen will preach the sermon, and other members of the Ministerial Union will participate. Rev. J. L. Moore, as president of the union, will preside.

It is the plan to consolidate all the congregations of the city at this service. Special music is being arranged for.

FUNERAL OF PIONEER WOMAN TO BE HELD TODAY

The funeral of Mrs. Pauline Moore Fincher, who died yesterday morning, will be held at her late residence, 225 Calaveras avenue, at 2 o'clock this afternoon.

Mrs. Fincher was the wife of L. M. Fincher of Fresno and was seventy-seven years old. She came to California with her husband in 1882 and was the mother of eleven children, all of whom are residents of Fresno county.

The Rev. J. L. Moore, pastor of the Methodist church, South, of which Mrs. Fincher was a member, will officiate at the funeral.

After severe illness—after severe physical or mental strain—use **Scott's Emulsion.**

It builds up and holds up the strength of man and woman, girl and boy. It is the most wonderful "food- tonic" in the world.

Patrons pronounce his CROWN the best by far they ever used. The chief point of excellence lies in their effects on circulation, and since it is through control of circulation success is met with, no higher point could be aimed at or achieved. They are on sale at the San Joaquin Drug Store, and the purchaser may go to him for free advice about how to use in his particular case. To preserve a face that is in good condition he says it should not be used more than once a week. When complexion is muddy or muscles relaxed, it may be used every night for a time. His work on pimples of the very worst type, on moles and other facial blemishes are evidence sufficient to convince the most skeptical of his ability. His rooms are 209-10 Land Co. Bldg.

REDLICK'S REDLICK'S REDLICK'S REDLICK'S REDLICK'S

We return your round trip railroad fares from all valley points within a radius of seventy-five miles of this store if your purchase amounts to \$20.00 or over.

The Big November Sale Creating Intense Buying Enthusiasm---Crowds Getting Bigger

The character of the real bargains we are offering in this sale has created more buying for this event than all the newspaper advertising we have done.

Those who have already shared in the good things of this November sale are quick to tell their friends, and so the story spreads and the crowds keep increasing.

When we planned this November sale, when we issued instructions to our New York buyers to secure the best values offered regardless of the quantity that must be purchased we had before us the fact that Fresno county is at the high tide of the most prosperous year in its history.

That Fresno people will buy good goods liberally, especially when prices are so much in their favor, and we were right.

The ill luck of Eastern manufacturers is the good luck of the Redlick public, and will be during this entire month.

The Man Who Wants a Good Suit of Clothes at a Reasonable Price Should Get an \$18 Suit Today

The best judges of clothing would willingly pay \$25 for one of these suits and he would get \$25 worth of the best clothing value.

Yesterday we had many calls for these advertised suits.

Some men merely wanted to see them. They weren't quite ready to buy. However, they were shown every attention, and were deeply impressed with the goodness of the offering.

Dozens of others took advantage of the sale. It was only necessary in many instances to have a coat tried on to interest the purchaser.

There's a grace and charm about these suits that instantly appeals to good dressers. The patterns are the duplicates of the finest woollens in the market.

Single or double breasted sack coats, newest cut waist coat and trousers.

Suits worth up to \$25, this week for \$18.00.

VALLEY WESTERN SURVEY IS APPROACHING FRESNO

Surveying Party Will Start Friday From Panoche, Reaching This City Ten Days Thereafter

LOCATING ENGINEER LOOK SAYS ROAD IS NOT WESTERN PACIFIC AT PRESENT

In fifteen days the San Joaquin Valley Western will be in Fresno and the tool of the locomotive, the surveying party, will start Friday from Panoche, reaching this city ten days thereafter.

That is the cheerful and cheering news brought last night by Mr. C. L. Look, locating engineer of the San Joaquin Valley Western, who arrived in Fresno from Mendota on the owl and took the owl out at 2:40 this morning for San Francisco. His visit is to confer with the men who are planning the road and to make estimates of the heavy work.

The survey of the Valley Western began at Hollister. The Valley Western is a part of the Ocean Shore and Eastern and they connect at Watsonville. The Valley Western will come through Panoche Pass. Construction work on the Ocean Shore is in progress and is being rushed at both ends. Eighteen miles are built out from Santa Cruz and twenty miles from San Francisco. Both ends are completed and the line is now being operated and according to Mr. Look, both are paying handsomely.

When questioned about the report that the Valley Western was really the Western Pacific, Mr. Look said: "The Western Pacific does not own a dollar of the Valley Western at the present time."

"Why at the present time?" was asked. "Because Gould has his hands full at the present time. Building from Salt Lake to San Francisco is a heavy proposition, and I don't think that Gould is going to take hold of anything else until his line into San Francisco is completed. Of course, Gould and the Ocean Shore are friendly. You know that the Ocean Shore has a right terminus in San Francisco and when they tried to shut Gould off the Oakland water front, the Ocean Shore offered him an entrance into San Francisco."

"Do you expect that Gould will ultimately acquire an interest in the Valley Western?"

"Well, the Western Pacific will need money, and what better feeder could it find than the Valley Western?" was the significant reply.

"A good many people think," volunteered Mr. Look, "that the Southern Pacific will buy our people out. This is absolutely nothing in that. The Southern Pacific is not friendly to us, nor the Santa Fe either."

ARBITRATION TO END THE RAILWAY DISPUTE

Board of Conciliation to Act Upon Trouble Between British Companies and Employes.

LONDON, Nov. 6.—The anticipated railway strike throughout Great Britain, the idea of which caused so much concern to the British public, has been averted by an agreement drafted by David Lloyd George, president of the Board of Trade, and signed at a late hour tonight by the chairman of the principal railway companies and the representatives of the Amalgamated Society of Railway Servants.

The agreement provides for the consideration of further matters in dispute, particularly by a second board of conciliation, representing the various grades of employes and the individual railroads.

In case of disagreement settlement will be reached by the board of conciliation and an equal number of men representing the full membership of the society. If the board and these representatives fail to reach a decision the matter must then be settled by arbitration.

The directors of the railroads thus had to agree to consider the outside intervention in dispute with their employes. The board will in every case be composed of elected employes of the companies concerned as well as officials of the various railroads.

The dispute, apart from its effect on the public business, has attracted the attention of the officials of the government, even that of King Edward.
